## IRELAND RE-ELECTED FOR TWO MORE YEARS

**RICHMOND AFTER LOCAL IN-  
STRUCTOR BUT BOARD CON-  
SIDERS HIM TOO VALU-  
ABLE TO LOSE**

Learning that the Richmond Board of Education has been making strong efforts to secure him to head the city school system next year, the Stanford School Trustees met on Wednesday and formally re-elected Prof. J. W. Ireland Superintendent of the Stanford city schools for another two years' term at a salary considerably larger than that he has been receiving and high enough to keep him here.

Prof. Ireland was called before the board and stated frankly that he was considering a proposition from Richmond, but had not mentioned it to the local board for he did not want to be considered in the attitude of holding them up for money, for he thought that the compensation at present was probably the limit to which they might feel inclined to go. The board consulted and asked him to name a figure that he would remain in Stanford for and would give them on answer at once, and when he had stated his proposition, it was accepted at once, and he accepted a contract for the term specified.

The members of the school board felt, and undoubtedly most of the people of the community will agree with them, that Prof. Ireland is far too valuable a man to the Stanford public school to lose for a few dollars. He has undoubtedly given Stanford the most successful public school in the state and each term the proof of his efficiency and ability is more clearly demonstrated. The school now has the largest enrollment in its history and is doing its most successful work. By his progressive and advanced methods, Prof. Ireland has made the Stanford school probably the best known public educational institution in the state outside of the cities. In educational circles he is considered one of the leaders in the state and the community and school is especially fortunate that he will continue here for the next two years.

You know as well as anyone when you need something to regulate your system. If your bowels are sluggish, your food distends you, your kidneys fail, take Hollister's Rocky Mountain Tea. It always relieves, 35 cents, tea or tablets at Shugars and Tanner.

**YOU MUST READ THIS IF YOU WANT THE BENEFIT.**

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of the back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago."

## Hughes-Reynolds

**WELL-KNOWN CITIZEN OF STAN-  
FORD WEDS McKIN-  
NEY LADY.**

Cicero Reynolds one of the best known residents of Lincoln county, and Miss Mary Hughes, a popular and lovable lady of McKinney, were united in marriage at the home of the groom on Lancaster street Wednesday evening by County Judge James C. Bailey. Only a few intimate friends of the groom were present, the ceremony being quietly performed and followed by their congratulations. Mr. Reynolds drove over to McKinney in the morning after his bride, and invited a few of his friends to see the knot tied in the evening. They will make their home in the city.

This is the second matrimonial venture for Mr. Reynolds, who lost his first wife, by whom he raised several children, some time ago. For many years Mr. Reynolds held official positions in the county, he is a man of means and the best of friends of the people will wish them every happiness.

## Former Lincolnite

**CHANGES HIS BASE FROM TAMPA  
NICHOLASVILLE.**

Florida Fla., Tribune.  
Resident of Tampa since September 1905, and with the American Life Insurance Company for four years and three months out of which period he was manager of the industrial department for three years and eight months, R. L. McKeechle leaves tonight for Nashville.

Mr. McKeechle goes with the Independent Life Insurance Company as a bona fide expert. The new company is one of the best known operating in Tennessee, and the change means more salary and a promotion for him.

When the Florida and American Life Insurance Companies merged, it was decided to do away with the industrial department and Mr. McKeechle immediately decided to continue in another field the work he has so ably pursued in Tampa.

He leaves for the scene of his new duties tonight accompanied by Mrs. McKeechle, who goes with him as far as Chattanooga, and then to Moreland, Ky., for the Christmas holidays. Mr. McKeechle came to Tampa from Stanford, Ky., and in the time of his residence he has made many friends in both a business and social way who will wish him well in his Tennessee home.

## A SIMPLE SAFE GUARD FOR MOTHERS.

Mrs. D. Gilson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Sold by Shugars and Tanner.

Census returns give the population of the State of Texas as 3,576,312, a gain of 21.8 per cent.

## A WOMAN'S GREAT IDEA.

How to make herself attractive, but without health. It is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney troubles show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, and purify the blood; give strong nerves, bright eyes, pale healthy, smooth velvety skin, lovely complexion, good health. Try them 50 cents at Penny's Drug Store.

The Initiative, referendum and recall were adopted by the Arizona Constitutional Convention.

## TAKE CARE!

Remember that when your kidneys are affected, your life is in danger. J. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put more life and strength into me and now I am completely cured and feel better and stronger than for years."

Worse than the alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It contains no opiates.

## Quarterly Court

**SEVERAL CASES PASSED ON THIS  
WEEK.**

County Judge James P. Bailey held quarterly court this week and passed upon a number of cases, though a larger number were continued because the litigants were not ready for trial.

H. H. Padgett was awarded \$20 damages against the Cincinnati Southern railroad Company for killing three hogs at his home near Waynesburg.

W. H. Brady won out in the suit against him brought by Margaret Umter, of Danville, for \$20.

Mrs. S. B. Williams, of Highland was given judgment in the suit brought against her by Chicago Mercantile Company for some goods, it being shown that Mrs. Williams refused to accept the goods and had not taken them out of the depot.

C. P. Newland was given judgment against C. H. Kidd for \$50 on mortgage.

In the suit against I. K. Banks against E. H. Ballard to settle the title to a farm, the dispute being whether the farm sold by Ballard to Banks contained 60 or 45 acres, the jury disagreed, standing 4 to 2.

## Slick Pavements

**CAUSE PAINFUL ACCIDENTS TO  
SEVERAL PEDESTRIANS**

With pavements coated with snow and ice, a number of pedestrians who are not too sure-footed are getting heavy falls, and sometimes with more or less dangerous results.

Joe T. Emery, sustained a bad fall on a slick sidewalk Saturday night and came near fracturing his knee cap. He is laid up at his home.

Ed Wilkinson also sustained a severe fall last week and nearly broke one of his ankles. He is likewise confined to his home nursing his injuries.

The Interior Journal is taking no part in the controversy over the incidents at the Preachersville church, during a recent revival, simply publishing articles contributed by those who appear to be interested. It has received several articles unsigned, or signed by initials, which it will not print until the names of the authors are furnished it, not necessarily for publication, but as an evidence of good faith with the paper. We must know who is responsible for what we publish. Anonymous communications don't go.

## Middleburg.

At a meeting on November 26th, Rev. T. T. Claunch, of Harrodsburg, was unanimously called to the pastorate of the Baptist church here for half time. Rev. Claunch has not accepted yet but it is understood that he will, and take up the work, Jan. 1st.

Rev. Joseph Montgomery, has resigned the pastorate of the Christian church at Yosemite and that church is without a pastor. Rev. Garbary of Ashland county preached there Sunday afternoon.

The bad weather has hindered the work on the bridge at the Elliott Ford between here and Yosemite, for a week or more.

A vote was taken Sunday on the graded school bond question and resulted in the defeat of the proposition. The friends of the proposition discovered early in the "game" and did but little to carry it white, the opposition worked unceasingly to the end. The board of trustees talk of submitting the question again in the course of a few weeks, which seems to us to be rather more foolish than wise. It is plain to be seen that question will not carry now if indeed it ever does. There can be no good come of aggravating the matter which another election would do.

Miss Mattie McDaniel corresponded for the Casey County News in refuting the marriage of Mr. J. C. Coulter and Miss Lula Adams some weeks since, puts Mr. Coulter's age at 60, which is I think a little low, I am not on to his age exactly, but I am a little older than that, and can remember when quite a little boy being sent to the mill on horse back and on any day let my "turn" fall off, Jim who was a young man at that time happened along and put it up for me. That was away back in the early sixties, and though quite young then I remember very distinctly the disservice. Jim is a jolly clever sort of a fellow, and he and Mrs. Coulter have gone to house keeping in their splendid home one mile above town, and anyone wishing to enjoy unbounded hospitality, and have the best time of their lives, just let them roll around and spend the night with them.

Al Caldwell is going to build on their farm at the Old Jack Spring. We will be glad to have him come up on the hill.

Mr. M. H. Mitchell's little boy has got well. H. Mitchell the monument man is at McKinney this week helping Harry Jacobs out with his work.

## AGAIN DEFENDS HIS COMMUNITY

**PREACHERSVILLE RESIDENT HAS  
A FEW MORE WORDS TO  
SAY REGARDING CER-  
TAIN INCIDENTS  
AT CHURCH.**

Preachersville, Ky., Dec. 3.

Being some what of an intuitive reasoner, it did not take us long to arrive at a satisfactory conclusion as to the personal identity of the writer who signed "M. E." under the recent article, headed "Vigorous Defense of Rev. Thornton." We had thought that we lived in a pretty good community and that it would compare favorably with any in the state when it came to dignity, sobriety and intelligence, but not so now. Never again. Let us hang our heads in shame! "M. E." tears that we have through prejudice, become biased as to the true state of our community. Not in the least. Never before have we been accused of being so inconsiderate as to look at only one side of the question, regardless of the merits or demerits of the other. What we like is fair play and everybody to get a square deal. Any prejudice in that? The writer of the article says that "on the last night of the meeting there were some dozen representatives of the community who gathered on the outside of the church, drinking, knocking on the doors, windows and sides of the building and actually emptying their revolvers around the building." We did not, do not and will not deny the fact that we had, still have, and will have some bad boys in the community. Where is there a community, take the state over if you will, that does not have some bad boys? That community, that has no bad boys, would hardly be found this side of the pearly gates. We cannot believe there were anything like a dozen "representatives of the community" on the outside drinking, knocking on the doors etc., and actually emptying their revolvers around the building. Would it half-a-dozen catch the number? and as to this emptying revolvers around the building, it is simply ridiculous, absurd, preposterous and only a matter of an over-drawn imagination! The fact is there were no shots fired in the church yard, but only three or four shots fired at some distance from the church. A few bad boys are not to be taken as representatives of any community. We do not credit those guilty of misconduct as representatives of our community. In fact some guilty of misconduct are said to be from a neighboring community and of an adjoining county. The conduct of all religious services here has been generally of the best, and very good order prevailed throughout the recent meeting held by Rev. Thornton, excepting the latter part of the last service when an incidental collection taken up by the minister seemed to be made more of a justification time by all than was proper. A few weeks prior to the meeting just mentioned a week's meeting was held here by Rev. Cornelius, at the Baptist church resulting in seven additions. The services were attended by large crowds on some occasions the crowds were not able to get seats, some having to stand in the aisles, by windows, and in front of the doors and yet the order was of the very best. Nice order here has been often complimented by ministers.

"M. E." not being present at the last night's services evidently had the information second hand. Nine miles from the scene of action is quite a distance but the writer may have seen all this through borrowed eyes and heard through borrowed ears. The writer of the article claims to have known Preachersville for 25 years and says "truthfully but sorrowfully believe the community is on the decline rather than improving." Honestly kind friend haven't you known it somewhat longer? Refresh your memory and recall if you can that troop of young desperados who were riding the pikes, shooting disturbing the peace and in other ways making themselves a nuisance some 25 years ago. Do they compare, at all with our bad boys today, our bad boys who are in a hopeless minority and only of a 22 calibre at that. "M. E." has a perfect right to know this community well having been a member of the church here less than ten years ago now is often heard to regret not being here now.

The letter from the cashier of the Banker, Va. bank is very good as far as it goes. But why a letter from a bank? Why not a letter from a Baptist church? Letters from banks are the very thing in business affairs and nice to have. The letter which our friend inserted gives Rev. Thornton a first-class recommendation as to his financial and spiritual standing. In either respect. But still a minister might come to us, sent by the King of Great Britain hearing letters from the bank of England, and when he had arrived, with all his passports, would he be any less a stranger?

We had never doubted his standing. We wish to assure our misguided friend, "M. E." that the good people of this place will not be influenced by any prejudiced writer, yours truly not accepted, but will agree with "M. E." in every particular.

Hiding behind nothing I am very respectfully,

B. I. BLANKENSHIP

Preachersville, Ky.

### POLITICAL ANNOUNCEMENTS

#### For Circuit Judge

The Interior Journal is authorized to announce Charles A. Hardin as a candidate for Circuit Judge of the Thirteenth Judicial district, at the election to be held November, 1911, subject to the action of the Demo-

Many of the papers are speculating upon the reasons for Kentucky's small increase in population during the past ten years compared with most of the southern states, the increase being only 6.6 per cent. Several have ascribed it to the tax conditions; laxity of law enforcement and other things, but the nomadic instinct which animates the people seems to us to be the real cause. Kentucky was settled in the first place by those hardy pioneers who were impelled by lure of the west to cross the mountains from Virginia, and this spirit has simply descended to the present generation. Kentuckians have thickly settled in nearly all of the western states, and more are leaving constantly, many to find conditions in the fight for existence much harder than they left at home. But still they will go, and it is a hard fight for even who stay to keep the balance even. We believe already like the Frankfort News, that Kentucky's resources

and opportunity to homeseekers and bread winners have not been properly advertised to the world, else the rate of increase in population would have been larger. In other words there has been too much knocking and not enough boosting. Kentucky should adopt as a state motto the slogan "Hoost, Don't Knock," and when every Kentuckian becomes the booster for his home state that the citizens of the western states are the old commonwealth will go forward by leaps and bounds.

The new governor of California has declared against an inaugural ball, and in this he displays good hard sense. The inaugural balls at Frankfort generally are the worst of the kind, and mix-ups in the world, and should be done away with. California's exclusive intend will hold a public reception to which the farmers and citizens generally are invited to come in their overalls if they wish, and the bedecked and bedecked "staff" which probably never smelled powder save on a woman's cheek, will be relegated to seats in the rear.

There is talk of holding a state primary to select the democratic candidates for office and at the same time nominate the popular choice for United States Senator to succeed Paynter. A primary is the fairest method of making a nomination, and the sooner the direct primary of nominations is adopted the better for the state. It is suggested that either before or after the primary a convention could be held to adopt a platform upon which the democracy of the state could go before the people with its nominees. This all sounds like the right stuff to us.

As was expected, the majority report of the congressional investigation committee, completely "white-washed" Secretary of the Interior Ballinger when it was presented to Congress this week. Public opinion of Ballingerism as expressed on Nov. 20th, did not contain so much kalsomine.

An honest confession is always good for the soul. Col. Roosevelt declares that he will tell in a speech December the 13th just what caused the political upheaval November 8th.

Mrs. Mark Baker Glover lately, the discoverer and founder of Christian Science passed away last Saturday night at her home in Boston. In her 80th year. No physicians attended Mrs. Glover in her last illness, although she had the assistance of several students who comprised her household. A medical examiner saw her body a few hours after her death and explained her passing away due to "natural causes."

### BOOST FOR LINCOLN MAN

The Atlanta Constitution in a recent issue said:

"I. H. Baughman, of Stanford, Ky., and a raiser of high grade, nules has moved to Atlanta in order to market here the nules raised on his 1,000-acre stock farm in Kentucky."

Mr. Baughman has won much renown in the breeding of high-grade nules.

His entries have won the largest number of blue ribbons awarded by the Kentucky and Tennessee fairs and shows.

For the past three years he has practically made a clean sweep of the first prizes offered in these states. Mr. Baughman will be located at the Miller Union Stock Yards. He has on hand already a number of pairs of team nules, and has in transit a shipment of five-car-loads. Mr. Baughman intends spending the summer on his farms in Stanford, and the rest of his time in Atlanta marketing his stock. He considers Atlanta an excellent mule market, and believes that it will soon become the largest in the country instead of ranking second.

It's mighty cold driving now. See our fine line of lap robes, storm fronts, carriage heaters and coal. J. C. McClary.

### REAPING BENEFIT

From The Experience of Stanford People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public interference of Stanford residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

John T. Barnette, carpenter Rowland, Street Stanford, Ky., says: "I used a green number of kidney pills in the past three years and can say that Doan's Kidney Pills brought me the first relief. My work obliges me to do heavy lifting and stooping at times, and this weakened my kidneys. I suffered from a pain across the small of my back that often became so intense, I was unable to do anything. I was feeling miserable when I learned of Doan's Kidney Pills and they were recommended so highly that I procured a supply at Shugurs and Tanner's Drug Store. This remedy gave almost instant relief and for that reason, gladly recommend it."

For sale by all dealers. Price 50c. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

### Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It Makes Weak Women Strong. It Makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drug. It is a pure glyceric extract of healing, native American roots.

KENTUCKY GIRL IN WEST

This from the Davenport Wash, Times will be of interest to the many friends of Mrs. Leete in Lincoln, where she is pleasantly remembered.

Mr. and Mrs. Claude T. Leete on returned his co-workers of the mid-west's office at a beautiful Thanksgiving dinner at their pleasant home.

Those present were: J. W. Brislawn, auditor; C. E. M. Sanderson, chief deputy; C. C. Leete, clerk; of the board of county commissioners; August Witt, cashier and recording clerk; Margaret Brislawn recording clerk; Madge Jones recording clerk; and Elizabeth Nelson deputy, extending tax rolls. That bunch would make a happy crowd wherever they gathered, and were doubly so when assembled at the hospitable board of friend Claude and his amiable help mate. It was an exemplification of "pure democracy" in the true sense and, at the parting, after the feast, all felt too full for utterance.
